Planet and Microsoft: A unique relationship

Planet has a collaborative relationship with Microsoft which allows us to provide our clients with early, independent information about the latest technologies, build our extensive Microsoft knowledge into Planet solutions, and bring to our clients the benefits of a unique proximity to Microsoft solutions that few other companies enjoy.

Let Planet's team of Microsoft specialists assist you with this cost-effective remote consulting solution

Planet's Online Consulting Service provides Microsoft technical expertise remotely when you need it. The result of this service is a system that is built to Microsoft Best Practices, while leveraging the lessons learned of consultants who work on these projects daily.

Our Solution

Planet offers access to their highly trained and skilled team of consultants to provide consulting, guidance and best practices based on our years of Microsoft Specialization. Online Consulting is purchased in blocks of time that may be used for services ranging from architecture and documentation review to "ask the expert" support on programming or implementation issues.

Client Benefits

- Expertise of seasoned Microsoft professionals
- Best practices guidance
- Cost effective solutions – purchase what you need and use it on an as-needed basis
- Response to challenging technical questions

Consulting Services Offered

- Email and phone-based support in prepaid blocks of time: 10, 20 and 50 hour increments
- Customers receive a dedicated alias for submitting inquiries and communicating with the Planet team
- Consulting is available via pre-scheduled meetings, conference calls, or project activities
- Hours may be utilized for technical support with a response within one business day
- Consulting services cover, but are not limited to the following:
 - Assistance with Solutions Architecture and design
 - Review goals
 - Learn about limitations of products, tools and solutions
 - Code review
 - General consulting and guidance
 - Discuss hardware recommendations
 - Review and discuss best practices

Pricing
