

Solve your Desktop Deployment Challenges with Planet Technologies

Microsoft
GOLD CERTIFIED
Partner

Microsoft Desktop Deployment Planning Services (DDPS) can assist your organization with imaging, desktop deployment, patch management, rollout planning and development for applications and operating systems.

Planet Technologies is uniquely positioned as both a DDPS partner and a Gold Certified Partner to support your organization with this program. Based on the Microsoft Solution Accelerator for Business Desktop Deployment and best practices from Microsoft, Planet consultants will create an on-site, lab-based setting, giving you hands-on experience with the latest technologies in order to solve your desktop deployment challenges.

For organizations challenged by:

- Managing multiple desktop images
- Patch management and desktop security
- Efficiently rolling out applications across the enterprise (Office 2007)
- Planning the most effective upgrade process to next generation Microsoft Operating System (Vista)

This engagement is designed to improve your understanding of the business value and productivity impact of upgrading your Microsoft Windows and Office, the administrative time and cost savings of migrating your environment and a roadmap specifically designed for your organization.

Key Program Benefits:

- Get expert, personalized service by a Gold Certified Partner, Planet Technologies
- Fully utilize your desktop infrastructure
- Build a plan for an efficient and effective desktop deployment
- Minimize the cost, risk, time and complexity of your desktop infrastructure

Why partner with Planet Technologies?

Founded in 1997, Planet Technologies is recognized world-wide as a leading expert in the integration and customization of Microsoft technologies and data center solutions. We are a Microsoft Gold Certified Partner with subject matter experts in messaging and collaboration, mobility, identity management, user management and data center automation. In 2006, we supported over 3 million desktops. Our clients include some of the largest government, enterprise and service providers in the world.

- **Microsoft Public Sector Partner of the Year - 2006**
- **Microsoft Federal Partner of the Year - 2005 & 2006**

Call Planet Technologies TODAY and we can walk you through the process to take advantage of this program.
